## 2020 MINI SESSION GUIDE

### MINI SESSIONS 101

#### WHAT ARE THEY?

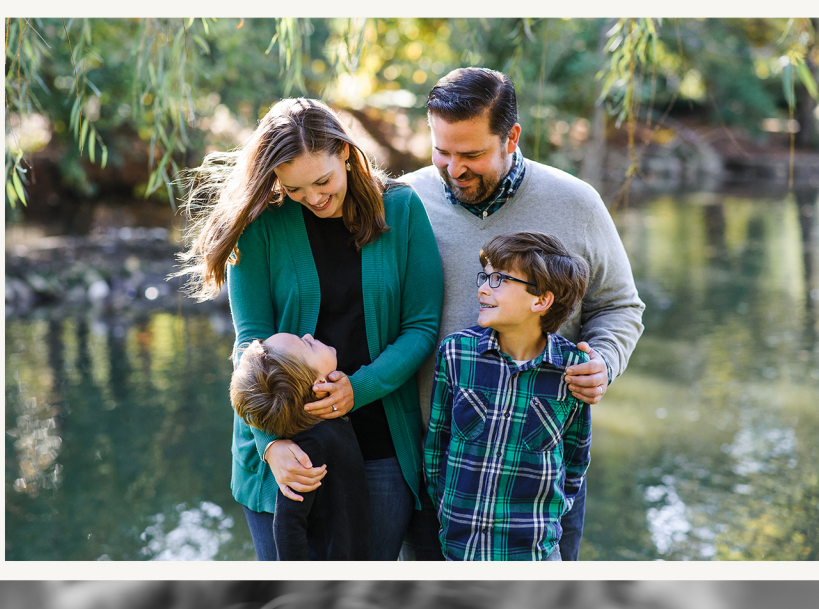

Mini session events are 20-minute blocks of time where I photograph families back-to-back. Because time slots run close together, it's very important to be on time.

I scout out some hidden gem green spaces around the city, so exact location is confirmed at least one week before your scheduled date. Because of the the unique time length, I request that there are no wardrobe changes and please do not bring props.

1. Reserve your date & time slot.
2. Show up!
3. Choose your print products or package.

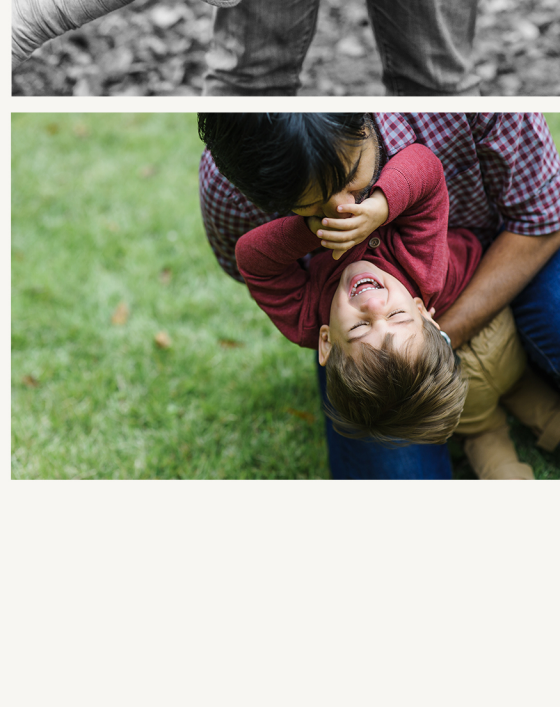

### I PROMISE THIS WILL BE FUN

Mini sessions are perfect for those who don't like being in front of the camera. I guarantee our time together will fly by and your kids won't want to leave.

I'll be sure to capture your traditional family portraits with moments in between of play. I use prompts to get everyone interacting throughout your session, which allows me to document more of who you are as opposed to just what you look like.

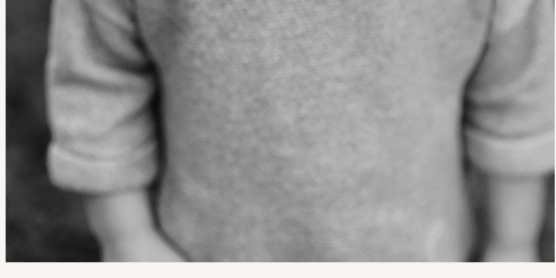

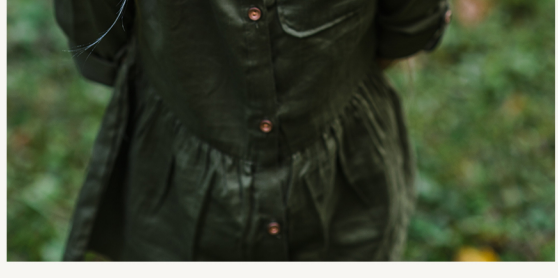

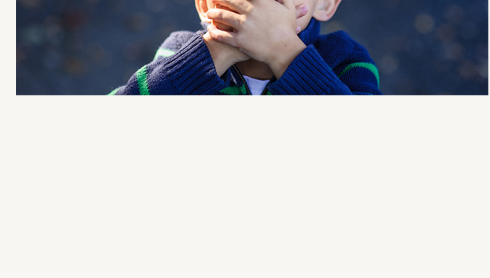

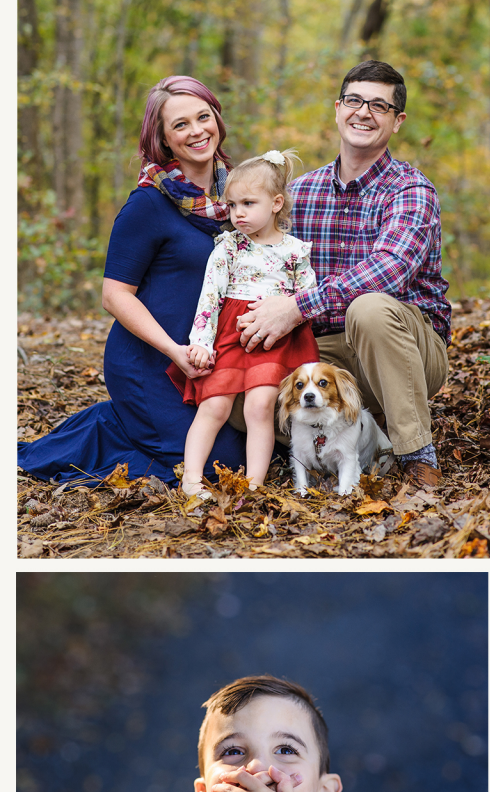

Every year, all mini session time slots book up 100%, so I believe that's a testament to the ease and fun factor for families!

### LET IT BE - LET THEIR PERSONALITIES SHINE

In a short period of time, I get to see the layers of personalities unfold. It's my favorite aspect of photographing children. They can be energetic, serious, sassy, silly, grumpy.. all of the above! My approach is to let them be who they are, and bring that to light in your photographs.

I promise the photographs that show true emotions can actually be some of your favorites. If someone has a small meltdown, there is opportunity to capture those upset feelings, plus any moments that include how you comfort your child. This is how you'll remember this time in their lives. Don't stress, this is still real life!

### FOR MY DOG LOVERS

I have two dogs of my own and they are absolutely an important part of my family.

I ask that you be responsible with your pets and keep strongly encourage you to keep them on a leash since we will be in a public area.

Sometimes clients bring a friend to be on standby, so dogs can quickly pop in and out of pictures as needed.

Cats your thing? Same advice.

### CAN MINI SESSIONS TAKE PLACE AT HOME?

Absolutely! I'm now opening up mini sessions to be year-round and not just for the fall season. We can find some great spots in and around your yard or even for a stroll around your beloved neighborhood. It's also a place that's familiar to your family, so it's a location where everyone feels the most comfortable, relaxed and themselves. Invite me over!

### BRIBES ARE OK. THIS IS A JUDGEMENT-FREE ZONE.
